MV Isle of Mull | An t-Eilean Muileach

WITH CALMAC YOUR ISLAND EXPERIENCE BEGINS THE MOMENT YOU STEP ON BOARD

Launched in 1987 by HRH Princess Alexandra, MV Isle of Mull or *An t-Eilean Muileach* was introduced to the CalMac fleet to service the busy sailing from Oban to Craignure - a route formerly entrusted to MV Caledonia, a comfortable and reliable ship but one which was struggling to carry growing number of passengers during peak sailings.

Measuring 90 metres in length and capable of speeds of up to 15 knots, MV Isle of Mull has room for up to 951 passengers and 70 cars, and also services the other islands from Oban when required.
